THE *"Pick"*
OF THEM ALL!

Bob Clifton's new Tu-Way Pick for guitars and other instruments is the *Pick of Professionals*. It's double-actioned for increased playing skill. One end, the flexible end, is for solos . . . while the opposite end — the sturdier end — is for solid rhythm.

It's lightweight . . . durable. It's the "pick of them all" for dexterity in technique.

Try a Tu-Way Pick today! At your dealer's . . . or order direct. Each . . . 20 cents, or 3 for 50c.
